## A.H.S. Alumni Will Gather This Weekend for Reunion

A.H.S. Alumni will reunite this weekend for individual honored class reunions and for the big banquet and program set for May 28. The banquet menu will include broasted chicken, catered by The Exchange, potato salad, macaroni salad, steakhouse baked beans, a dinner roll, and dessert bar. Serving is from 5:00 to 7:00 p.m., in the school auditorium. During the program, honored classes will be recognized, there will be a memorial, and entertainment, with Darlene Hagler Rimpley in charge, will follow.

This year's theme will be "Vintage," and past articles and photos will be placed on the tables.

The 2022 president is April Mills Tickle, Class of 2009; 1st Vice President is Ali Rosenstrater Goodenow (2009), 2nd Vice President is Josh Magill (2004), and secretary/treasurers are Kenny Goodenow (1983) and Patty Purcell Goodenow

(1982). Tammy Milne Weinman (1986) and Carolyn Blowers Bowers (1981) will prepare the meal.

Courtney Beshaler Evans (2000) is a new member, and other Association board members helping are: Caro Keyser Lehmkuhler (1970), Bev Harding Engleman (1964), and Cheryl Mills Uhrmacher (1972).

In the 2022 edition of the *Arnold Alumni News*, April really encouraged everyone to come back and experience reuniting with alumni of all ages.

"I can't really stress enough to get back together and come back "home" for Alumni. We need to come together and stay connected as these younger generations, because as time goes on, Alumni will be no more if we don't. Numbers have gone down and class sizes have shrunk, so there are less and less attending the Alumni reunions," she said.

During the program, April will introduce emcee Donna

German Bisbee, Class of '87, who graduated with a class of 17 members. After high school, she participated for two years in the Miss Nebraska Pageant, and played volleyball and basketball while attending Mid-Plains Community College where she graduated with an Associate's Degree in Business. She went on to finish school at UN-L, and graduated with her Bachelor of Science Degree in Business Administration. While there, she met her husband John, and they have raised two children, Aaron and Racheal.

Donna has been an elementary para educator for the last 17 years, and in the last two years, she became a health coach. She has lived in Kearney for 26 years now, but said it is always good to come home to Arnold.

The Alumni Association Board is hoping for a great turnout, with alumni filling the auditorium.

## Large Historical Marker Tells History of Arnold

Rotary marker documents time period from town's beginning to establishment of services

after building a nice log home with pine lumber he'd procured from Pine Canyon northwest of Callaway. In the fall of 1883, he platted the original town of Arnold on the famed South Loup Valley, and in 1884 he platted R.E. Allen's addition to Arnold. S.E. Edwards soon erected a large building, one of the first buildings in Arnold, that was occupied by Blum Brothers as a general store. Elder Landis Correll, George Arnold, and Richard Allen all met at Allen's soddy to decide on a name for the post office. Allen offered to have the post office in a small corner of his kitchen. Since Correll and Allen both preferred not to have the Post Office named for them, George Arnold offered the name of "Arnold". The name for the town was sent to the Postal Department in Washington and R.E. Allen was named postmaster on March 21, 1881. As an influx of settlers began to arrive two years later, Allen platted 16 square blocks of his homestead for the purpose of providing services that a village could provide. In 1883, it seemed that the post office name was also the best choice for naming the new village, "Arnold". In 1884, Ben Hardin grandfather to George, Don, and John established a general store (Pinnacle Bank). Other early stores included Wm. Ray - blacksmith; R.A. Probert - hardware; C.L. Long - drug store; S. Leland & Sons - flour mill; and Dr. J.H. Murray started his medical practice. Other stores added by 1886 included John Finch and Virgil Cannon - drug store; Alex Robertson - bank; and Miss Mary Robertson - millinery.

By 1891, the population of

Richard Eliada (R.E.) Allen, who had made his first appearance in the Arnold area by wagon during the last days of May 1880. Allen had erected a small sod house on his homestead located just west of the present swimming pool. In 1882, R.E. Allen established a store in his home. By 1883, he proved up on his homestead,
